

Bryce - Secap 9K-L Inkjet Address Printing System

Get high resolution print, durability and up to 9,000 pieces per hour

- The Bryce 9K-L is the ideal address printer for the small to medium volume mailer that appreciates 600-dpi Hewlett-Packard print quality along with the increased speed and media handling capabilities of this model.
- Sharper, clearer graphic images and barcodes can be printed anywhere on the mail piece at print qualities of 150, 300 or 600 dpi.
- Prints any Windows-compatible font, the 9K-L has twelve internal type faces, which are scalable from 4 to 30 points and can be combined with the internal attributes of bold, italic, outline and variable-width.
- With over 11,040 different internal fonts, the state-of-the-art 9K-L is the printer of choice among quality and value conscious mailers.
- The 9K-L is a PCL5 graphics printer that can interface with any PC, mini, or mainframe. Windows 95®, Windows 98®, Windows NT® 4.0, Windows 2000®, and Windows XP® drivers are included.
