INLINE DRYER BASE

Shown with Fannon
LSHII-240-4-10
(4000 Watt Dryer)

The series 240 D Inline Dryer Base is designed to give you more flexibility for a faster return on your investment. The modular base design features durable full frame construction, 12" wide transport rollers and easy mobility. It can be used inline with our 350 IJ series inkjet addressing machine base or used with existing equipment. Combined with a Fannon Light Speed II dryer running aqueous and other coated stocks no longer means having to slow production down to a crawl.
